PETITIONING THE COURT

To modify the conditions of supervision as follows:

21. You shall abstain from the use of illegal controlled substances, and shall submit to urinalysis testing, as directed by the supervising probation officer, but no more than six tests per month, in order to confirm continued abstinence from these substances.
22. You shall abstain from alcohol and shall submit to testing (including urinalysis and Breathalyzer), as directed by the supervising probation officer, but no more than six tests per month, in order to confirm continued abstinence from this substance.

CAUSE

The offender was just released from custody on February 16, 2006. His urine and alcohol testing conditions need to be modified in compliance with 9th Circuit case law. In addition, the offender admitted to the probation officer on February 21, 2006, that he had used the prescription medication codeine without a prescription. The offender reported he obtained the codeine from another individual to use for the pain associated with losing a tooth. The offender was admonished for this violation behavior and warned that he may not take prescription medication without a prescription.

It is requested the Court take judicial notice of the indicated violation behavior and take no further action other than ordering the modifications of supervised release recommended. The offender has agreed to the modifications and has signed a waiver, which is enclosed for the Court's review.
